Subject: IRIS meeting while in Corvallis

Hi,

Nancy Beck's scheduler put an IRIS meeting on your calendar while we are in Corvallis (10AM PST on Tuesday).

Are you okay with me reaching out to find a better time?

We could do it first thing that day before the lab tour begins (around 8am PST) or we could schedule it for the next day. We are going to spend a fair amount of time in the car as we drive from Corvallis to Newport Wednesday morning.

Kevin Kuhn, PhD
